SEDUCTIVE  
LINES

## Z55

Zeelander is famous for offering owners maximum comfort. A good example is the 360° panoramic vision from the wheelhouse, which is unique in this class. Zeelander gives owners the experience of being on the water and in touch with all the elements without being disturbed by engine or generator noise.

## UNRIVALLED QUALITY

The ingenious design of the hull, thoroughly tested by the finest designers and engineers, results in the best hull one can buy. Even in rough weather and deep seas the owner will be in total control. The well-engineered boats with features such as joystick steering, dynamic positioning, automatic trim, cruise control, stabilizer and on-demand information make boating as easy as driving a car.
